## THE VOTING PROCESS

---

On October 22, 2014, an election was undertaken for the offices of Mayor and Councillors in the City of Winnipeg as well as for School Trustees in the six City School Divisions. A total of 41 out of 41 races were contested, 1 for Mayor, 15 for City Councillor and 25 for School Trustee.

After a record setting turnout during the advance voting period, Winnipeggers responded enthusiastically on Election Day, with 50.23% of citizens casting their ballot in the various races. Many polls remained open well past 8 pm on Election Day to ensure everyone in line at 8 pm was able to exercise their electoral privilege.

In accordance with the provisions of *The City of Winnipeg Charter, The Municipal Councils and School Boards Elections Act* and the Vote-Counting Machines By-law No. 150/2005, the City of Winnipeg again utilized automated voting to accept ballots and tabulate the results of the 2014 Civic Election. The system provided for a composite ballot containing the candidates' names for all three Offices to be voted, the Office of Mayor, Office of Councillor and Office of School Trustee. The system allows the City of Winnipeg to capture voter intentions quickly and accurately and provide results soon after the close of the polls.

The City of Winnipeg also enhanced its technology to enable additional "Vote-anywhere" advance voting opportunities, with 29 city-wide locations established at which all eligible voters could vote.

Advance voting for all voters took place at City Hall from September 29 through October 17. Additional City – wide advance voting opportunities also took place at 15 community locations on October 14, 15 and 16. More than 12,000 voters took advantage of the community advance opportunities.

City-wide advance voting opportunities were also convened in shopping centres and universities / colleges. These took place between September 29 and October 12. Results of these opportunities were also extremely positive with over 7,700 voters casting votes at these locations. Finally, advance voting opportunities were convened in 178 senior's residences, personal care homes, developmental centres and hospitals between September 30 and October 16. 8,200 voters partook of these opportunities. All voting places were barrier-free and fully accessible to persons with disabilities. Ballot Marking Devices were available for utilization by disabled individuals at City Hall and at the advance voting stations in the shopping centres and at the universities / colleges.

## ***The Voting Process (continued)***

At the close of voting on Election Day, the memory pack from each automated voting machine used for advance voting was read at Election Headquarters, 510 Main Street, and the data compiled for election results reporting. A total of 30,619 persons voted in advance of Election Day, setting a record level of advance participation, beating the previous record from 2010.

The Sealed Envelope Ballot option was utilized by 177 voters. These ballots were fed into an automated voting machine at Election Headquarters. At the close of voting on Election Day, the memory pack from the automated voting machine was read and the data compiled for election results reporting.

On Election Day, October 22, 2014, 192 voting places were utilized. At the close of voting, the memory pack from each automated voting machine was transported to Election Headquarters for compilation of election results. Results from advance and election day polls were posted to the internet as they were processed, with all results reported within 2 hours of the closing of the polls.

Election Day saw approximately 2,000 election workers deployed across the City, with each of the 192 locations staffed by a Senior Voting Officer, who remained in contact with the City Election Office via cell phone throughout the day. The Election workers were supplemented by 93 City Managers acting as Election Compliance Officers. These officers roamed between polls ensuring compliance with all election legislation and ensuring a fair and positive experience for voters. Finally, Community Committee Captains, made up of experienced City Clerk's Management Staff with many years of election experience, assisted the Election Compliance Officers in the field with any problems that arose.

Election observers Jean-Pierre Kingsley, former Chief Electoral Officer of Canada, and John Hollins, former Chief Electoral Officer of Ontario, provided oversight and scrutiny of the overall electoral process. They reported very favourably in regards to the City of Winnipeg's level of control over the voting process and its ability to quickly identify and address issues that arose.

The 2014 Civic Election concluded with 235,455 electors having voted, the highest number of votes ever cast in a municipal election in Winnipeg, with overall turnout of 50.23%.
